

Online Reconciliation: Basic Guide (updated April 2016)

Department Transaction Report

All cardholders will receive an automated Department Transaction Report generated for them 2 days after cycle close for reconciliation purposes.

To access the report click Reports > Completed

After the online reconciliation is complete, submit supporting documentation to the reviewer for review and electronic signoff. The online reconciliation process must be completed prior to the close of the following month's billing cycle.

Steps to follow for monthly online reconciliation

Cardholder Responsibilities:

- Retain original receipts and supporting documentation (e.g. packing slip) and verify receipt of items.
- Upon receiving the email from Bank of America alerting you that you have transactions requiring sign off, log into Works and verify that the posted transaction is accurate by comparing it to your original documentation. Pricing discrepancies between supporting documentation and the Department Transaction report must be documented and resolved.
- If your department utilizes receipt imaging, upload your receipts and supporting documentation into Works.
- If your department utilizes GL Allocations, allocate your transactions to the appropriate departmental indexes and account codes.
- Sign off on the transaction.
- At the end of each billing cycle, wait 2 days after cycle close to receive a Department Transaction report.
- Dispute any unauthorized charges and notify the Program Administrators.

Reviewer Responsibilities:

Reviewers are encouraged to sign off on transactions throughout the month instead of at the end of the cycle.

Online reconciliation must be completed before the close of the following month's billing cycle.

- Upon receiving the email from Bank of America alerting you that you have transactions requiring sign off, log into Works and verify that the posted transaction is accurate by comparing it to the receipts loaded into Works. Pricing discrepancies between supporting documentation and the Department Transaction report must be documented and resolved. If the supporting documentation is not sufficient or inaccurate, Reviewers should flag the transaction to alert the cardholder that they must provide more information.
- Check to ensure the GL Allocations selected by your cardholder are accurate. If the GL information is incorrect, you may either flag the charge to return it to the cardholder to update or you can update the transaction yourself in Works.

- Once you have verified that the transaction is ready for approval, sign off on the charge.
- At the end of the billing cycle, the reviewer must analyze the Department Transaction Report generated for you from the online system and ensure that all transactions are accounted for.

Do not sign off on transactions in Works until you obtain a cardholder's supporting documentation and have verified items were received and that the transactions are valid business expenses that comply with VCU policies and procedures.

- If a JV must be entered into Banner, ensure that charges reflect purchases approved in Works.

Understand the reviewer's "approval" of the requisition package means the reviewer has seen the items and can verify receipt. If the reviewer did not see the items, then supporting documentation such as an email from someone other than the cardholder must be obtained.

Electronic Images

Departments are authorized to image/scan P-card transaction documentation (e.g., receipts, packing slips, etc.) for record retention purposes. The P-card reviewer is responsible for ensuring the imaged documents are clearly legible and not altered. Provided the imaged documentation is legible and not altered, the original paper documentation may be destroyed. Departments still have the option of retaining paper supporting documentation if desired.

Cardholders buying off of grant funds must refer to the specific grant for record management and destruction requirements.

Additionally, the P-card reviewer must ensure that the cardholder has no access to destroy or modify the imaged documentation once it has been scanned. A best practice would be ensuring all electronic images are properly backed up in the event of a hard disc crash. Use of ImageNow is recommended.

Imaged documents must be retained for the current fiscal year plus three additional fiscal years. Documentation for purchases made using grant indexes may need to be retained for a longer period, and departments should refer to the specific grant for record retention requirements.

Basic Navigation:

After logging into Works, the home screen displays. Navigation Icons are located on the top right-hand corner of the screen.

If a transaction is declined you will see the decline code and the decline reason. If you have any further questions about why a transaction declined or need help resolving the issue, contact CorpCard at CorpCard@vcu.edu.

The last section is Works announcements. Here you will find updates and information regarding the Works program from Bank of America and your CorpCard team.

To help you navigate, the program uses a tab based browsing system that allows you to access different parts of Works. What access you have is based on your role.

Under the Expenses tab you will find alternate links to your transactions as well as a link to upload your receipts. Users with an auditor role will also be able to access auditor tools from the Expenses tab.

Under the Reports tab users can build reports or access their completed monthly reports.

The screenshot displays the 'Works' interface for 'Bank of America Merrill Lynch'. The user is logged in as AMTA L MALLORY. The 'Reports' tab is active, showing a sub-menu with 'Completed', 'Create', 'Scheduled', 'Template Library', and 'Dashboard'. The 'Completed' sub-menu is selected, displaying a table of reports. The table has columns for 'Selected At', 'Report Name', 'Status', 'New', and 'Output Type(s)'. A single report is listed: 'Billing Statement' with a status of 'Ready' and a green checkmark in the 'New' column. The 'Output Type(s)' column contains a link 'PDF (5)'. At the bottom of the table, it shows '1 Selected | 1 Item' and 'Show 10 per page'. A 'Delete' button is visible at the bottom left of the table area.

Selected At	Report Name	Status	New	Output Type(s)
12/10/2014 02:15 PM CST	Billing Statement	Ready	✓	PDF (5)

If you have any questions about navigating Works contact CorpCard at CorpCard@vcu.edu.

Receipt Imaging:

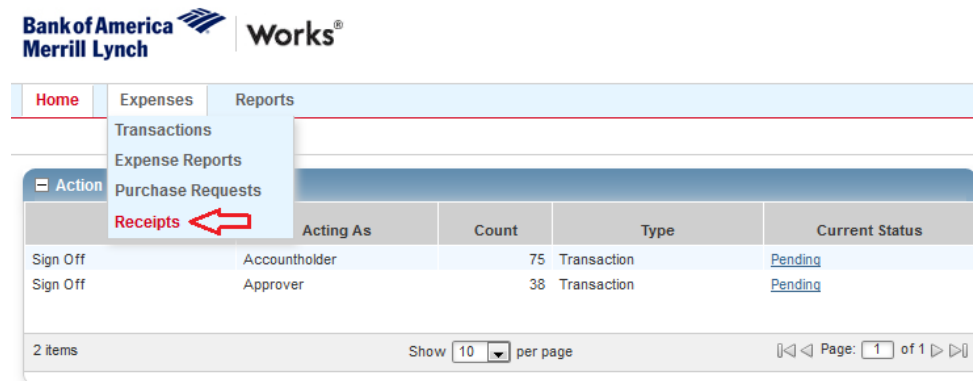

There are two ways to upload receipts and supporting documentation. You can either:

- Store receipts then attach them to the desired transaction, or
- Attach the documentation directly to your transaction

Remember: You cannot attach a receipt once you've signed off on a transaction. If you forget to attach a receipt, contact your reviewer and have them "flag" your transaction. This will send your transaction back to your queue and allow you to attach the receipt and re-submit.

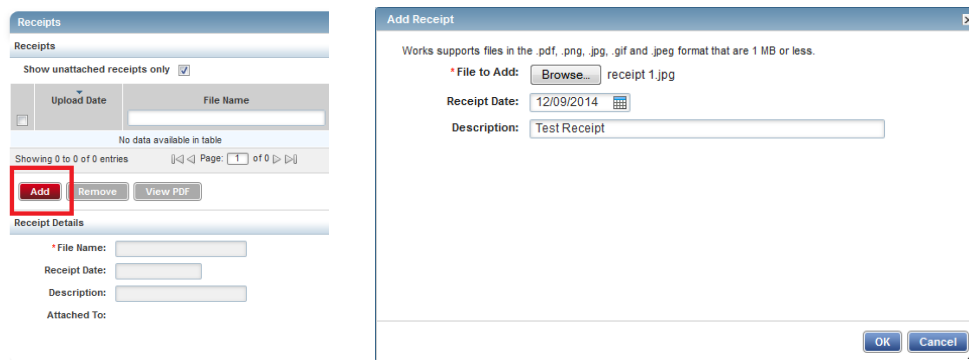

To Store then Attach:

Click the expenses tab and choose receipts.

The screenshot shows the Bank of America Merrill Lynch Works interface. The top navigation bar includes 'Home', 'Expenses', and 'Reports'. Under 'Expenses', there is a dropdown menu with options: 'Transactions', 'Expense Reports', 'Purchase Requests', and 'Receipts'. A red arrow points to the 'Receipts' option. Below the navigation, there is a table with columns: 'Acting As', 'Count', 'Type', and 'Current Status'. The table contains two rows: 'Sign Off' as 'Accountholder' with a count of 75 and 'Sign Off' as 'Approver' with a count of 38, both with a 'Pending' status. At the bottom, there is a pagination control showing '2 items', 'Show 10 per page', and 'Page: 1 of 1'.

Click "Add" then "Browse" to select your file.

The first screenshot shows the 'Receipts' section of the interface. It includes a checkbox for 'Show unattached receipts only' which is checked. Below this is a table with columns 'Upload Date' and 'File Name'. The table is empty, showing 'No data available in table' and 'Showing 0 to 0 of 0 entries'. A red box highlights the 'Add' button. Below the table are fields for 'Receipt Details': 'File Name', 'Receipt Date', 'Description', and 'Attached To'. The second screenshot is a modal dialog titled 'Add Receipt'. It contains the following information: 'Works supports files in the .pdf, .png, .jpg, .gif and .jpeg format that are 1 MB or less.', '* File to Add: [Browse...] receipt 1.jpg', 'Receipt Date: 12/09/2014', and 'Description: Test Receipt'. At the bottom right are 'OK' and 'Cancel' buttons.

Fill in the receipt date and then a description if desired. Click "OK."

The receipt will appear on the left hand side.

 Added receipt.

GL Allocations

Before getting started with General Ledger (GL) Allocations it's important to work out with your reviewer and supervisor where transactions will be allocated and to which specific budget account codes. Although your reviewer will have the ability to make changes if need be, the process is time sensitive and transactions that have not been allocated before the Banner upload will have to be JV'ed.

Important Reminders:

- Transactions are loaded into Banner 3 to 5 business days after cycle close. Transactions must be coded and fully reconciled by both the cardholder and the reviewer before the Banner upload. Failure to code and reconcile in a timely manner will result in the transaction hitting default indexes and the default account code for Undistributed Card Charges (620002).
- Once a cardholder has allocated their transactions they can edit that transaction until they sign off on the charge. After a charge has been signed off, the cardholder will no longer be able to update the information unless it is flagged by the reviewer and returned to the cardholder's queue. The reviewer does have the ability to code transactions as well.
- If a cardholder allocates a transaction and the reviewer does not approve it, the transaction information as dictated by the cardholder is what will post to Banner.
- GL Coding will not eliminate all JVs. Cardholders and Reviewers may only allocate to indexes within their approved departments.
- If you purchase for multiple departments and you need to allocate a charge to an index in a different department, delete the "GL 02: Index" and then update the GL04: Department with the correct four digit department number. This will allow the GL02: Index column to update with the correct indexes you need allocate your transaction.
- If you encounter an error or unable to sign off on a transaction, contact Corpcard@vcu.edu for assistance.
- If you select an index outside of your approved departments, Works will prevent you from signing off on the transaction.
- Works contains a limited number of account codes. If you cannot conduct business without a particular account code, please submit your account code request along with a business justification to Corpcard@vcu.edu.

- Allocating a transaction is a separate process from signing off. You can allocate without signing off so make sure to sign off on your transactions in order to complete the reconciliation process.

Single Transaction Allocation:

To allocate a transaction to a desired index and account:

From the Home Screen select the link for “pending” transactions:

Remove Add Duplicate Clear GL

NOTE:

If you purchase for multiple departments and you need to allocate a charge to an index in a different department, delete the “GL 02: Index” and then update the “GL04: Department” with the correct four digit department number. This will allow the GL02: Index column to update with the correct indexes you need allocate your transaction.

If the department does not appear, then you do not have access to that particular department or the associated indexes. Your reviewer can request multiple department access by contacting Corpcard@vcu.edu to request. Access will be assessed on a case by case basis.

To update the index listed under the “GL02: Index” column, click the textbox and select the option to “See More...”

Reporting

You can access reports two different ways.

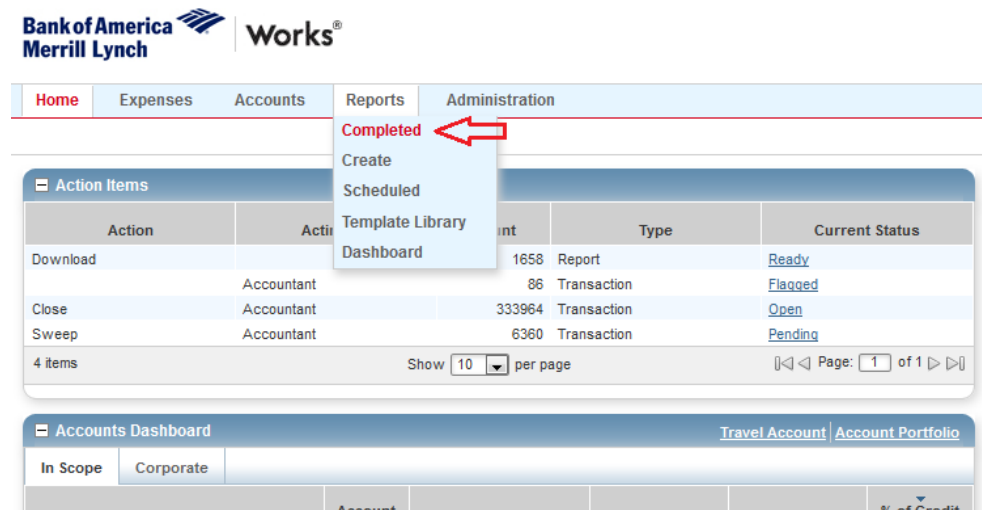

You can either access completed reports that are generated by the Bank of America system or you can create your own reports based on templates that are already in the Works program.

It's important to note that your ability to create certain types of reports will depend on your role, and, for example, a cardholder may not have access to the same information as an auditor or approver.

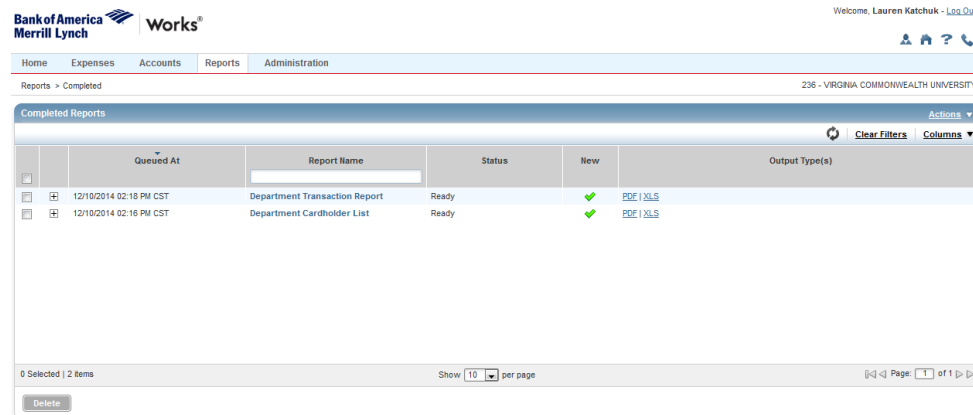

Retrieving Completed Reports

To retrieve a completed report:

- Click the "Reports" tab
- Choose "Completed"

A list of completed reports ready for download will appear.

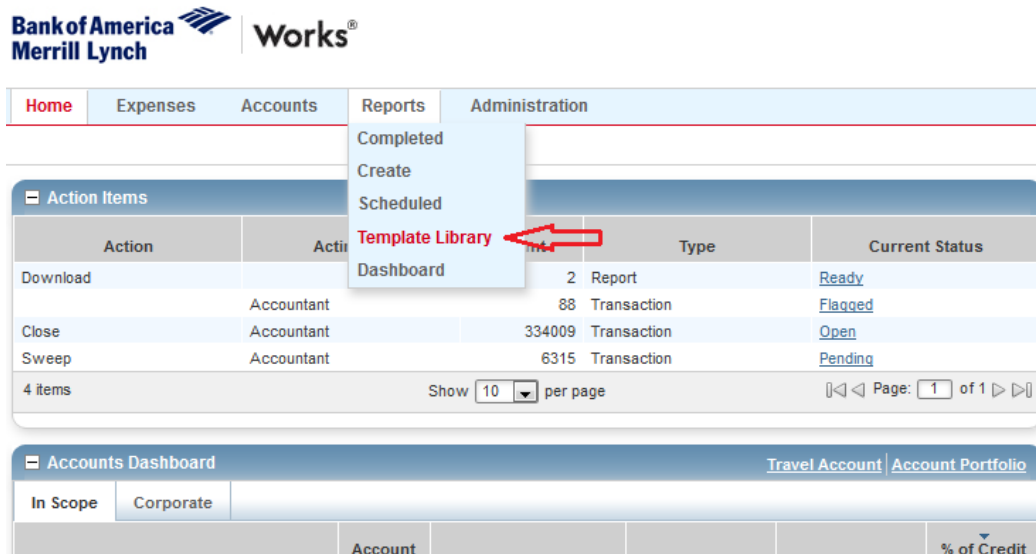

Running Reports from a Template

This is a useful tool when you try to access a completed report only to discover that it has aged out and is no longer available. What you can access will depend on your role. The most popular report is the Department Transaction Report.

This example will detail how to re-run the Department Transaction Report.

To create a report from a template:

- Click the “Reports” tab
- Choose “Template Library”

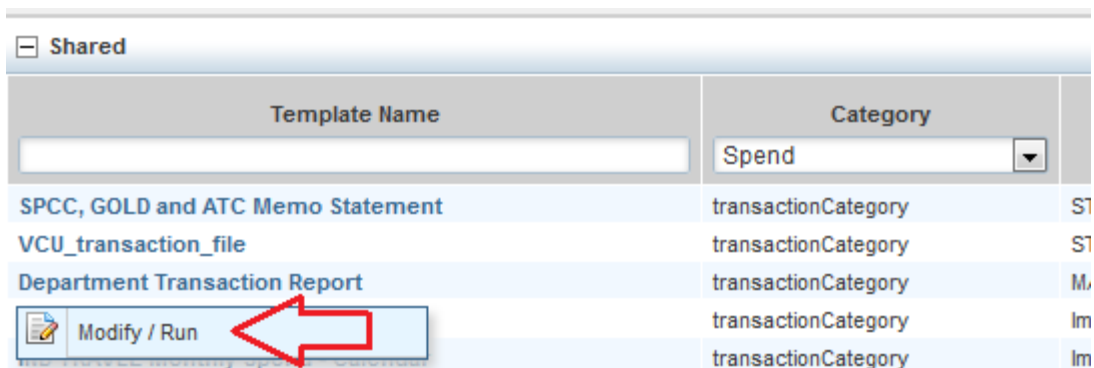

The screenshot shows the Bank of America Merrill Lynch Works interface. At the top, there are navigation tabs: Home, Expenses, Accounts, Reports, and Administration. The Reports tab is active, and a dropdown menu is open, showing options: Completed, Create, Scheduled, Template Library (highlighted with a red arrow), and Dashboard. Below the menu is a table with columns: Action, Action, Amount, Type, and Current Status. The table contains four rows of data:

Action	Action	Amount	Type	Current Status
Download		2	Report	Ready
	Accountant	88	Transaction	Flagged
Close	Accountant	334009	Transaction	Open
Sweep	Accountant	6315	Transaction	Pending

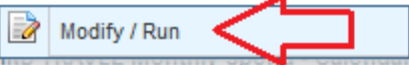

At the bottom of the table, it says "4 items" and "Show 10 per page". Below the table is an "Accounts Dashboard" section with tabs for "Travel Account" and "Account Portfolio".

Under the Template Library you will have access to a range of reports. Under the “Shared” section of the Template Library :

- Hover your mouse over Department Transaction report
- Click the downward arrow
- Select Modify/Run

The screenshot shows the "Shared" section of the Template Library. It features a table with columns: Template Name, Category, and a third column. The table contains four rows of data:

Template Name	Category	
SPCC, GOLD and ATC Memo Statement	transactionCategory	ST
VCU_transaction_file	transactionCategory	ST
Department Transaction Report	transactionCategory	M,
	transactionCategory	Im
	transactionCategory	Im

A red arrow points to the "Modify / Run" button in the fourth row.

To run the basic report, under “Report Options” select the “Basic” button and you will be given simple limited options to run your report. You can adjust your filter to determine the type of transactions you would like to appear on your report. You can also adjust the Post Date range by clicking on the calendar to help you isolate transactions.

Reports > Modify/Run

Create Report Report data is current as of December 11, 2014 9:00 AM CST.

* Category: Spend

* Template: shared : Department Transaction Report

Report Options **Basic** Advanced Reset to defaults Use last run settings

Filters

Save Template to Template Library

Template Name: Department Transacti

Description: Report showing all tra

Scheduling and Expiration

Job Name: Department Transaction Repor

Run for User(s): None selected

Schedule: Run Now Run Later Recurring

Report Expiration after: 7 day(s)

You can also add filters to your report under the “Filters” section of the site. You can also adjust the “Post Date” range by clicking on the calendar to help you isolate transactions. You will also have the ability to “Schedule” reports should you need specific information and you’d like for it to run automatically in the interval of your choosing.

If you want to run advanced reports, please contact CorpCard@vcu.edu and a Program Administrator will be able to provide you with information and insight based on your needs.

Auditing Transactions in Works:

To audit your own transactions, log into your Works account and click the tab for “Expenses” Choose “Transactions.” If you have more than one role in the Works system then click the option for “Accountholder”

Home	Expenses	Reports
	<ul style="list-style-type: none"> Transactions Expense Reports Purchase Requests Receipts 	<ul style="list-style-type: none"> Accountholder Approver Auditor
Action		
		Acting As
Sign Off	Accountholder	Count
Sign Off	Approver	72 Transac
		38 Transac

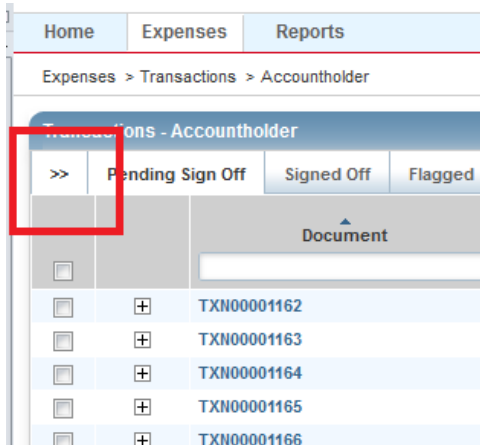

Here you will have the option to research transactions that are “Pending Sign Off,” “Signed Off” and “Flagged.”

Home	Expenses	Reports
Expenses > Transactions > Accountholder		
Transactions - Accountholder		
>	<input type="button" value="Pending Sign Off"/> <input type="button" value="Signed Off"/> <input type="button" value="Flagged"/> <input type="button" value="All"/>	
<input type="checkbox"/>	Document	Account ID
<input type="checkbox"/>	<input type="text"/>	
<input type="checkbox"/>	TXN00001162	7667
<input type="checkbox"/>	TXN00001163	7667
<input type="checkbox"/>	TXN00001164	7667

To search by vendor type the name of the vendor into the “Vendor” box and your matching options will appear.

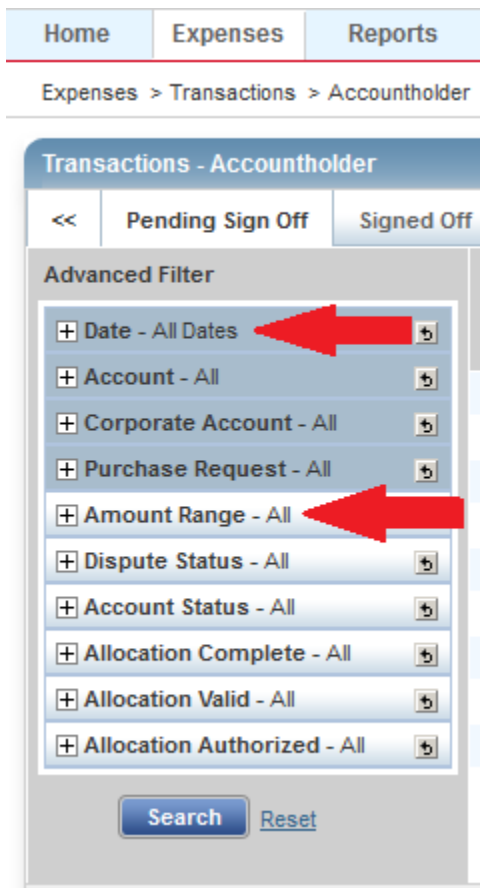

Transactions - Accountholder									
>>	<input type="button" value="Pending Sign Off"/>	<input type="button" value="Signed Off"/>	<input type="button" value="Flagged"/>	<input type="button" value="All"/>					
<input type="checkbox"/>	<input type="text"/>	Account ID	Sign Off	Date Posted	Date Purchased	Primary Accountholder	Purchase Amount	Vendor	<input type="text"/>
<input type="checkbox"/>	TXN00001164	7667	none	02/08/2012	02/08/2012	MALLORY, ANITA L	3,305.43	CLEANING AND MAINTENANCE, J CO.	<input type="text"/>
<input type="checkbox"/>	TXN00001179	7667	none	02/08/2012	02/08/2012	MALLORY, ANITA L	1,709.00	CLEANING AND MAINTENANCE, J CO.	<input type="text"/>
<input type="checkbox"/>	TXN00001216	5520	none	09/08/2014	09/08/2014	MALLORY, ANITA L	672.56	WINDOW CLEANING SERVICES CO.	<input type="text"/>

To narrow your search, click the double arrows (>>) and the Advanced Filter will appear.

Click Date tab to bring up a calendar to filter by date.

Click the Amount Range tab to hone in on a specific change based on the cost.

Once you've set your parameters to achieve the desired results, click "Search" to filter and see your results. To clear the filter choose "Reset" then click "Search" to bring up the full list of transactions.

If you want to see if a transaction was signed off on, click the tab for "Signed Off" and look under the "Sign Off" column.

Click the [AH APR](#) link to see when you and your reviewer signed off on a transaction. In Works 4 "AH" is the cardholder and "APR" is the reviewer.

Sign Off - TXN00001023		
Acting As	When	By
Accountholder	02/11/2011 at 12:30 CST	MALLORY, ANITA L
Approver	03/14/2011 at 08:30 CDT	Hollyfield, Diane
Accountant	none	
Sweep	none	

[Close](#)

If you see that only the "AH" is listed this means that your reviewer has not signed off on a transaction. This information is helpful specifically during P-Card reconciliation.

Home Expenses Reports

Expenses > Transactions > Accountholder

Transactions - Accountholder

>> Pending Sign Off Signed Off All

		Document	Account ID	Sign Off
<input type="checkbox"/>	<input type="checkbox"/>	TXN00001023	7773	AH APR
<input type="checkbox"/>	<input type="checkbox"/>	TXN00001026	5520	AH APR
<input type="checkbox"/>	<input type="checkbox"/>	TXN00001028	5520	AH APR
<input type="checkbox"/>	<input type="checkbox"/>	TXN00001029	5520	AH APR
<input type="checkbox"/>	<input type="checkbox"/>	TXN00001039	5520	AH APR

If you are a reviewer for your department, you can follow these same steps to audit your cardholders' transactions. To see your cardholders' transactions, click Expenses > Transactions > Approver and those charges will appear.

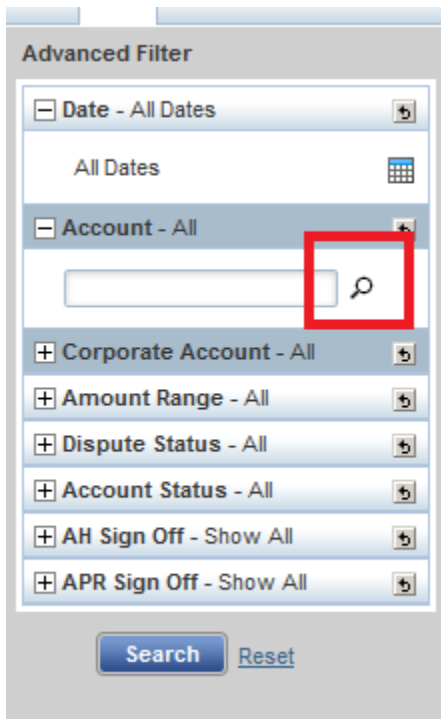

If you see that the word "none" is displayed under the "Sign Off" column, this means that the cardholder has not signed off on the card and that is not available in your queue for sign off.

	Account ID	Sign Off	Date Posted
	2183	none	02/11/2011
	1101	none	02/11/2011
	3213	none	02/11/2011
	9055	AH APR	02/11/2011
	2183	none	02/11/2011
	9380	none	02/11/2011
	9055	AH APR	02/11/2011
	2413	none	02/11/2011
	8716	AH APR	02/11/2011
	7773	AH APR	02/11/2011

If you are an auditor for your department, you can look at all transactions and cardholders under your purview by clicking Expenses > Transactions > Auditor

If you audit for a large group and you want to view a specific account, from the advanced filter select the tab for "Account" and click the magnifying glass.

A pop up box with all of the accounts in your purview will appear. Select the account you want to audit and click OK.
